- <sup>1</sup> Entry into other Business Admin programs will be considered on an individual basis.
- <sup>2</sup> A high level of competency is required in computer applications.
- <sup>3</sup> Although accepted into 2nd year at RDC, student will be required to complete a combination of first and second year coursework to complete their diploma.
- <sup>4</sup> Students may be granted a maximum of 46 credits in SAIT's 90-credit program.
- <sup>5</sup> Students with an incomplete Year One may be accepted as special students upon a written recommendation from the College.
- <sup>6</sup> The block transfer applies to graduates from April 2002 forward. For students that have graduated prior to April 2002, transfer credit will be accessed as previously determined.
- <sup>7</sup> Because Portage College students are lacking in the number of contact hours that Lakeland College offers (48 hours versus 96 hours), Lakeland College will send applicants from Portage College an information package consisting of word processing, spreadsheets and databases, so students will understand the level of competency needed in computer applications.

## Advanced Placement Courses

The Advanced Placement program was developed and is sponsored by the College Entrance Examination Board, New York, New York. The Advanced Placement (AP) program provides course materials and examination on introductory courses. Some high schools in Alberta offer some courses in the Advanced Placement program. Students who have successfully completed examinations in the program may apply for advanced credit through individual assessment upon admission to a post-secondary institution. More information is available from the Office of the Registrar at each institution. Upon admission to U of A and U of C, all AP students will automatically receive advanced standing (creditor placement) in approved courses where they have achieved AP grades of "4" or "5". At U of A, creditor placement granted is determined by the policy in effect for the session to which the student applies, NOT the date when the AP course was taken. At U of L and ACAD, students have the option of receiving transfer credit for approved courses where they have achieved grades of "4" or "5", or of taking the U of L or ACAD course. Where specified credit is not indicated, students with AP credits will be evaluated individually. At all receiving institutions, at least one official AP transcript is required. Advanced credit arrangements are in effect at the universities and private colleges with accredited degree programs listed in the following table.

## International Baccalaureate Courses

The International Baccalaureate Program was developed and sponsored by the International Baccalaureate Office, a Swiss Foundation with headquarters in Geneva. This office is represented in Canada and the United States by the International Baccalaureate North America Office, a non-profit corporation headquartered in New York City. Some high schools in Alberta offer part or all of the International Baccalaureate Program. Students who have completed part or all of the Program may apply for advance credit through individual assessments upon admission to a post-secondary institution. More detailed information is available from the Office of the Registrar at each institution. Advance standing (Creditor Placement) in the following approved courses is automatically awarded for IB grade of "6" or "7" only at U of A, and "5" or higher (may be higher for some Faculties) at U of C, TKU and CUC. At ACAD, students have the option of receiving transfer credit for approved courses where they have achieved grades of "5" or higher, or of taking the ACAD course. Official transcripts from the IBNA office are required. At U of A, creditor placement is determined by the policy in effect for the session to which the student applies, NOT the date when the IB course was taken. At AU and AUC, the minimum acceptable IB grade is "4" to receive advance credit. Advance credit arrangements are in effect at the degree-granting institutions listed in the following table.
